

Toronto indie grocer **Summerhill Market** is making available 200 Thanksgiving dinners through Instabuggy's website and app to support Youth Without Shelter, an emergency residence for homeless youth, ages 16 to 24 across the Toronto area. People can donate a minimum of \$5 to get their meal. This will raise at least \$1,000 for the organization.

### Are abandoned carts a big issue at your store?

- They're the thorn in my side. It seems like there's constantly a cart gone rogue.
- Issue enough that I have staff keep an eye out for them in the parking lot.
- Carts go missing every so often, but it's par for the course.
- Not at all. If a cart's not in a corral, it's with a shopper.
