## We have your peace of mind in mind

### MAKE VERSACOLD YOUR SHIPPING DEPARTMENT

Whether you are moving a pallet or a truckload of a product, you need a fast, cost-effective and safe way to get your temperature sensitive products to customers. Every employee at VersaCold understands the importance of an efficient and reliable cold chain. It's not just about getting your products there on time. Whether it is frozen seafood or a critical vaccine, it must also arrive safe for use. That's why VersaCold ensures a precise temperature at every stage of transportation—across town or across the country—for nearly 300,000 truckload and less-than-truckload shipments every year. Now that's deep expertise.

### RELY ON OUR STANDARDS-BASED TRANSPORTATION AND TECHNOLOGY INFRASTRUCTURE

You needn't wonder where your products are and whether they will arrive safely and on time. VersaCold provides you with unparalleled real-time visibility into the status of your shipment through our web-based transportation management system. Conforming to the highest safety standards, our fleet is equipped with Smart Refers and monitoring technology to ensure your product's quality. Through our web interface, you can track every step of the journey, view freight charges and print proofs of delivery and bills of lading for a shipment—anytime, anywhere.

### LESS-THAN-TRUCKLOAD (LTL) TRANSPORTATION SERVICES (OVER THE ROAD & INTERMODAL)

With LTL shipments, it is critical to maintain cost efficiencies and quality through minimal handling and an impeccable cold chain. VersaCold delivers LTL shipments to all points in Canada, making the best use of over the road and intermodal to deliver the greatest value, whether you're shipping to a distribution centre or direct-to-store. Our consolidation programs can reduce costs while still increasing shipment

frequency, providing high service levels and minimizing inventories.

### TRUCKLOAD (TL) & DEDICATED TRANSPORTATION SERVICES

Whether you are transporting a truckload locally, nationally or across borders, we deliver your products on time while maintaining the highest level of cold chain integrity. And because presentation matters in the final mile, VersaCold offers dedicated contract carriage: trucks branded with your corporate logo and drivers wearing your uniform who recognize the vital role they play in representing your company. When you rely on us, there's no need to operate your own fleet, saving you the headaches of liability and regulatory compliance and letting you redirect capital to your core business.

### ADDITIONAL SERVICES INCLUDE:

- LTL—road and intermodal (frozen, refrigerated)
- TL (frozen, refrigerated)
- Dedicated contract carriage (temperature controlled, ambient/dry)
- DSD
- Routing and sequencing
- Consolidation/deconsolidation
- Reverse logistics

Manufacturers, suppliers and retailers gain competitive advantage when they make efficient transportation and on-time delivery a part of their business strategy. At VersaCold, we have the expertise and deep technical knowledge to help you find efficiencies, minimize costs and bring more value to your customers. Every year, VersaCold delivers close to 525 million kilograms of product on time and in prime condition, making us number one in Canada for temperature sensitive transportation. You can rely on VersaCold's dedicated people, advanced technology, extensive Canadian infrastructure and solid global partnerships to transform your supply chain from good to exceptional.

### Integrated Capabilities

**Combining VersaCold LTL and TL transportation services with one—or all—of your other supply chain needs not only reduces the challenge of dealing with multiple suppliers, it can also help decrease costs, consolidate data, improve communication, grow revenues while reducing inventories and maximize supply chain efficiencies. VersaCold is currently the only Canadian logistics company offering all-inclusive, one-stop, coast-to-coast supply chain services, letting you combine Warehousing, Transportation, Transportation Management and 4PL, Third-Party Logistics and Distributor Services in one managed, integrated offering.**
